

New Month = New Bandwidth

So given that the bandwidth has been reset for the new month I'm happy to bring you Kiba 31, Busou 04, & BBB 08.
(Perhaps a bit late, but I couldn't have you guys going over bandwidth last month)

All are available in the Downloads section as usual. So go get 'em and watch 'em.

As an aside from all these wonderful release announcements, I'd like to point out the newest post on Kyuuketsuki's homepage. I know you all probably don't like to see it, but we/they are in need of donations. The official page has been up for a few weeks now and there has only been one donation. I realize that not everyone has any money to spare (all those new video cards and whatnot) but if you can spare some money this month it'll be greatly appreciated.
