

DDL Status Update

Contributed by Warlock6669
Monday, 29 January 2007

As some of you may have noticed by now, the downloads have been disabled. They will be back next month as you all have exceeded the bandwidth allotment for the DDL already this month.

But, next month is only Thursday, so it's not like they'll be gone long.

Until then, stop by the forums and chat with your fellow Kyuuketsuki/Kyuu-Kiss fans.
