So, I'm sure all of you have been waiting on this for a while, well I did say I'd get to it eventually, and now here it is.

I've got the rest of Shining Tears X Wind for all of you now (that would be eps 09-13) and Koutetsu Sangokushi 08. Also sometime tomorrow I'll have a special surprise for those of you who have stuck by this site all this time.

Not a very long post, I know, but I have found myself quite busy since I got here. Anyway...everything's in the Download section as always.
